JULIUS ROEHRS COMPANY

RUTHERFORD, NEW JERSEY, U. S. A.

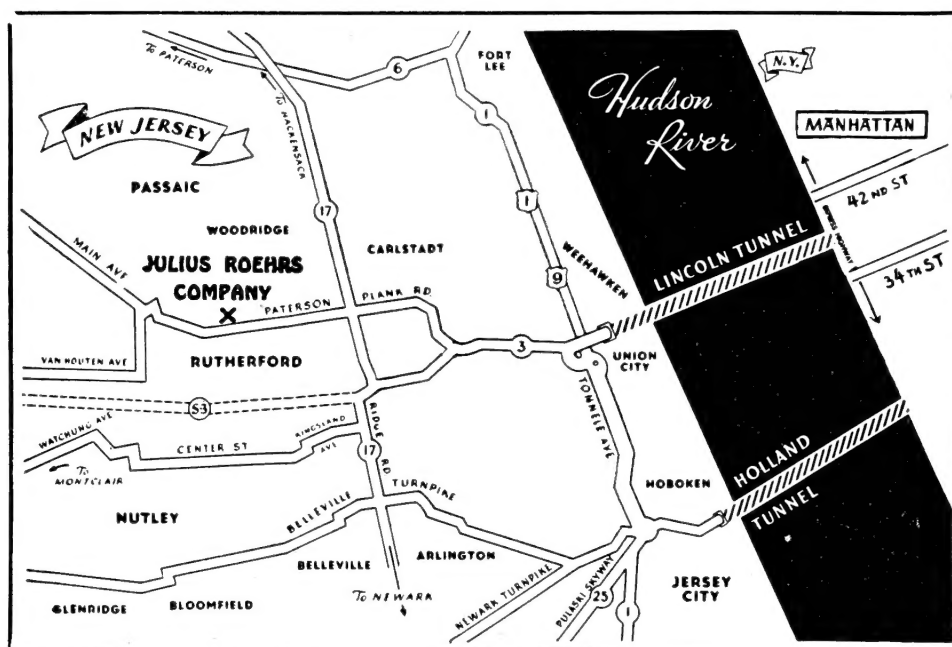

Invitation

In our 120 greenhouses, exclusively devoted to Potted Plants, are probably grown the largest assortment of ornamental plants under glass in America.

Our service is principally to the Florists of the Metropolitan area centering around New York, to whom we supply not only all seasonal flowering plants, but are headquarters for all the "trimmings" of a flower shop, in houseplants, specimen decorative material, plant arrangements in pottery and glass, etc., and delivered regularly by our modern fleet of trucks. Florists in this area not on our mailing list please request our monthly Wholesale List A.

For customers not served by our trucks we offer in this Overland Shipping List an assortment of those standard Florists plants which we feel we can ship reasonably safe and are available during most of the year. In addition, we ship in season various plants for growing on or forcing of special interest to growers.

Our collection of Exotic Plants is world famous and has been collected by the Julius Roehrs Company for over 75 years. Customers interested in the unusual, please ask for LIST OF EXOTICS.

VISITORS—We extend a cordial invitation to visit us: 8 miles from New York City: via Lincoln Tunnel, Highway S-3, to Paterson Avenue; Erie Railroad at Chambers Street; Inter-City Express Bus at 43rd Street, east of Times Square; Bus No. 3 from Weehawken (42nd Street ferry) passes Nursery.

PLANT ARRANGEMENTS in POTTERY

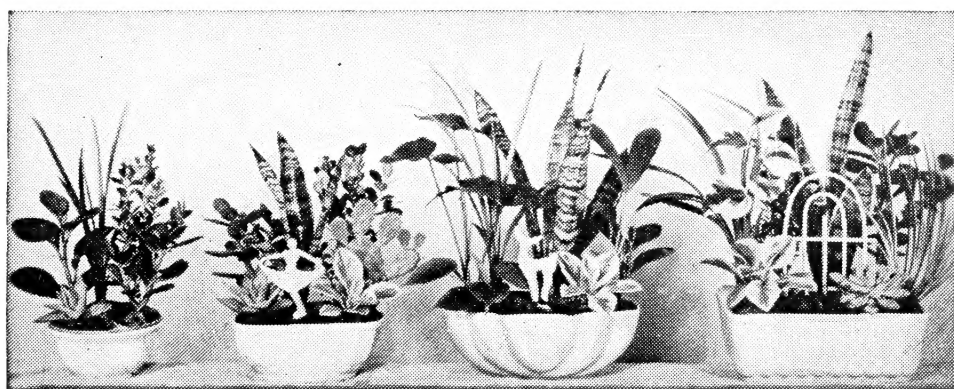

We are known up and down the East coast for the workmanship and artistry incorporated in our Dishgardens.

Deliveries other than by truck have often had rough handling during the war years, but for those willing to take a chance, we are listing here such numbers which we consider reasonably safe for shipping. We will pack carefully, but if arrangements are shaken up a bit, we feel they can easily be repaired. Serious damage or breakage, however, please report directly to your Express Agent and obtain a bad order receipt to file claim. Air-freight shipment can be made to points where such service exists.

BROMELIADS in fine Pottery, with other tropical plants, artistically planted. Exotic, yet durable.

Shipping Department

TERMS AND SHIPMENTS

TERMS—30 days from invoice net for established accounts. C. O. D. Shipments will be made when order is accompanied by one-fourth of full amount of order in cash. All stock is offered subject to prior sale or crop failure.

PRICES—All prices are f.o.b., our nursery; crating charge on express shipments 5%, or cost. Prices quoted are subject to change by market conditions and apply for deliveries during months specified. Special quotations on out-of-season shipments. 100 rates apply on quantities of 50 or more, 1,000 rates apply on 500 plants or over of each variety.

SHIPPING—Plants are shipped in Paper Pots wherever possible to reduce shipping weight, unless specifically requested in clay pots. We endeavor to pack carefully; if shipment arrives in bad condition, claim must be made with transportation company as our responsibility ceases upon delivery to them.

AIR SHIPMENTS—For speedier arrival of plants, we can make shipment by Air-Freight if requested or advisable to nearly all larger Metropolitan Centers—at rates slightly higher than Rail-Express—from nearby Teterboro or Newark Air-terminals. Unless specifically instructed, we will ship best way.

TRUCK DELIVERIES—will be made to customers along our regular routes in New York State, New Jersey, Southern New England, Eastern Penna., and south to Washington, D. C.; Also special truck at cost to other points where sufficient orders accumulate.

INSPECTION CERTIFICATE—U.S.D.A. certificate for shipments out of beetle zone supplied except for tubs larger than 12" and on some plants between June 15th and September 15th. If we cannot ship, we will advise promptly.

MAILING LIST—We will gladly send you regularly the following Lists upon request:

WHOLESALE LIST "A": Seasonable Flowering and Foliage Plants for Florists, Metropolitan area, monthly.

WHOLESALE LIST "B": Plants for Growers, and Decorative Foliage Plants for Florists in Overland Shipping.

LIST OF EXOTICS—Offering our famous collection of hard-to-get and unusual Greenhouse Plants for Conservatory and Home.
